Y6 Overview 2026-27

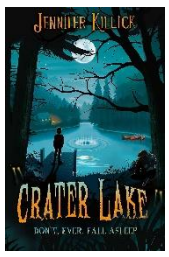
Core Subjects

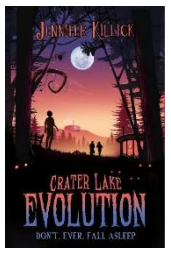
Writing

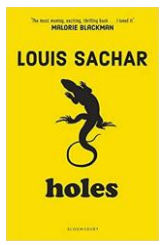
Throughout Y6 we write to

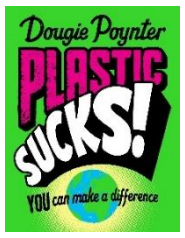
ENTERTAIN INFORM PERSUADE DISCUSS

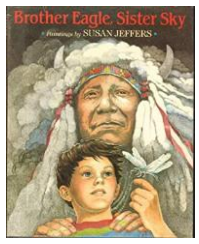
Some of the texts we will be using this year...

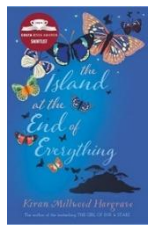


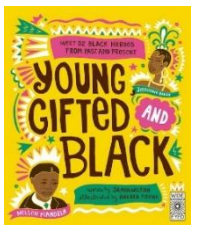












Reading

Through our Text Study programme, pupils develop a wide range of reading skills across a variety of fiction and non-fiction texts.

They are taught to:

- Retrieve and summarise key information and ideas from texts.
- Infer and deduce meaning, feelings, motives and viewpoints using evidence.
- Explain and justify their ideas, referring closely to the text.
- Explore vocabulary, including unfamiliar words, phrases and the impact of word choices.
- Analyse texts, considering characters, themes, structure and the author's choices.
- Evaluate and respond to texts, considering the author's purpose, viewpoint and intended audience.
- Make connections between ideas, information and different parts of a text.
- Use reading strategies independently, including skimming, scanning and careful rereading.
- Develop study skills by selecting, organising and interpreting information from a range of sources.

Across Year 6, pupils are encouraged to become **confident, independent and thoughtful readers**, moving beyond finding answers to explaining their thinking, using evidence and developing their own interpretations of what they read.

	Autumn Term 1	Autumn Term 2	Spring Term 1	Spring Term 2	Summer Term 1	Summer Term 2
Mathematics Arithmetic is practised weekly with a 30-minute assessment.	Number - Place Value Addition/Subtraction Multiplication/Division	Fractions 4 operations Worded Problems	Decimals Percentages	Measurement Proportion & Ratio	Algebra Shape Consolidation	Investigations and preparations for KS3
Science	Biology				Physics	
	Animals including Humans		Living things and their habitats	Evolution	Electricity	Light

FOUNDATION SUBJECTS

	Autumn Term 1	Autumn Term 2	Spring Term 1	Spring Term 2	Summer Term 1	Summer Term 2
